

# Transform your negotiations with price transparency data.

Use price transparency data to bolster your deal-making power in your next payer negotiation.

## Get fair market rates using price transparency data.

- 1 Get rates for a specific payer, geographic region, DRG or CPT code.
- 2 Enter negotiations with the ability to show fair market rates on your highest-value procedures.
- 3 Get the reimbursement rates you need for success.

## Managed Care is turning data into a competitive advantage.

“

I had phenomenal results. The data guided us to scrap our previous negotiation strategy which saved us a ton of time. We have been very pleased!
