

Expand your talent pool with local gig workers

Building a strong talent pool is crucial for healthcare systems to adjust resources and adapt quickly to unexpected changes. With Shifts, you can instantly connect with fully vetted and licensed clinicians from local agencies and gig workers within your community. Put Shifts to work by activating all your internal resources — including full-time core staff — and connecting with local gig workers, ensuring your open shifts get filled quickly.

The Shifts difference

With Shifts, clinicians from local agencies and gig workers can receive open shift notifications from the Shifts mobile app. Clients can use Shifts to automate open shift management between internal and external resources and make strategic decisions based on competency matching and total resource costs.

Today's dynamic and competitive environment requires an innovative partner you can rely on. If you're looking for a tech-driven approach to healthcare staffing, contact info@qualivis.com or www.qualivis.com.

Local staffing, digitally delivered.

Our tech-enabled solution helps healthcare organization engage with local agencies and their workers, making scheduling and filling open shifts more manageable and efficient.
